"This book is intended to introduce managers or subject matter experts outside of information technology (IT) to the concepts behind virtualization technology, the different categories of virtualization, and how they are used."--Preface, p. vii. In the summer of 1949 fifteen smokejumpers parachuted into a remote Montana canyon called Mann Gulch. It started as a very small fire in rugged country but within two hours after landing, thirteen of these young men were caught in a raging inferno and were killed. They died bravely, together with their friends, and in the service of their country. Everyone was young and attractive, healthy and strong, enthusiastic and in love. They were bursting into the prime of their lives. There were no malcontents here. Everyone did their best but events overtook them. Until now the actual time line has never been connected to the people involved. Fire in Montana connects the lives of young smokejumpers who lived with a joy of life and expectations of shining futures, the forest rangers and volunteers who fought valiantly to rescue them, and their families, lovers, and friends who were forced to wait and pray, then face the devastating and heart wrenching loss. This important book, written by educational expert and urban school leader, Tom Payzant, offers a realistic understanding of what urban school leadership looks like from the inside. Payzant shares his first-hand knowledge of the unique managerial, instructional, and political tasks of this role. Effectively combining practical lessons and research, Urban School Leadership includes in-depth analysis of various leadership concerns. The book covers topics such as improving student achievement,

working with unions, building community, and maintaining and developing resources. Most importantly, it offers stories of real school leaders whose successes and missteps reveal the inherent "messiness" of this difficult job. Urban School Leadership is part of the Jossey-Bass Leadership Library in Education series. "This important book provides compelling examples of how effective leaders can have hope, see progress, and achieve success for all children in the schools and districts they lead."—Richard Riley, former United States Secretary of Education "Tom Payzant is one of the few people who could provide such a comprehensive, useful book for educational leaders at all levels. This very practical book is grounded in the important experiences and impressive judgment of one of our nation's most successful school superintendents"—Jon Schnur, co-founder and CEO, New Leaders for New Schools "Tom Payzant is one of the finest urban educators of our generation. Urban School Leadership is compelling, crisp, and wise—providing a clear path for those dedicated to improving the trajectory of children's lives."—Timothy F.C. Knowles, executive director, Center for Urban School Improvement, University of Chicago "Urban School Leadership is a must read for anyone interested in the landscape of urban public education in America."—Beverly Hall, superintendent, Atlanta Public Schools

Dark Ink Tattoo is a steamy paranormal romance series in the vein of *Sons of Anarchy* or *True Blood* if everyone in them was a werewolf, vampire, and queer.

Angela: My secret is out, and now both Mark and Jack know that I'm a werewolf. Worse, my abusive ex-boyfriend, the one who made me this way, has escaped from prison and he's after one thing: our son. The Pack is a brutal, criminal motorcycle gang: I don't want that life for Rabbit. Jack says he can protect us, but the Pack is strong and if they catch us, they'll kill

me and take Rabbit. But if I'm going down, I'm taking Gray with me. Jack: She's a monster like me, but that doesn't change how I feel about her. I'll do everything I can to save her and her son. When old enemies reappear and my Mistress betrays me, I might have to give up everything to protect them from the Pack. Angela's entrusted me with her son, and I won't let her down. A werewolf ready to make her last stand. A vampire who will do anything to protect the innocent from the unholy. Welcome to Dark Ink Tattoo, where needles aren't the only things that bite. Keyword note: Blood of the Pack is perfect for people who miss Charlaine Harris's Southern Vampire Series, featuring Sookie Stackhouse, which True Blood was based on...only everyone in it is bisexual and it's 5/5 spice. Fueled by media reports of gender bias in the schools, the debate over single sex education has been recently renewed. "Voices of Hope" asks for a reconsideration of the framing of that debate. For whom is single sex education better? For the attainment of which goals? What do girls gain by being schooled with male peers? What is lost? In this longitudinal study of more than fifty high school girls at four New England independent schools, Carole B. Shmurak follows their development from ninth grade through the first year of college. Case studies capture the girls' own voices as they describe their hopes for their futures and the events that subsequently affect those futures.
