Though vampires have their intrigues, werewolves have their wars, mages have their realities, wraiths have their passions and changelings seek to return to their homeland, there are supernatural powers at work in the world that concern all of these beings. Indeed, there are people and forces in the world of Darkness that endanger all those who exist. Learn the secrets, alliances, enemies and plans of these shadowy beings in a series

of world of Darkness books that can be integrated into all of the storyteller games. Come explore the emerald city of the East. Explores the origins of the Kindred, Clan characteristics, and other aspects of the world featured in the television show "Kindred: the Embraced" When James Asher and his wife Lydia's baby daughter is kidnapped by the Master Vampire of London, there's no guarantee that they'll ever see their child again. Nor that they'll survive the experience themselves - even with the vampire Don Simon Ysidro on their side. East Meets West Once, the jade courts of the Middle Kingdom dreamed they could invade the West in revenge for decades of colonial tyranny. Now that dream is a terrible reality as San Francisco lies at the feet of Asian vampires. The war, however, continues in the whispers and shadows of the night. San Francisco is supposedly "neutral ground" for the vampires of East and West, but how long can that false peace last? Invasion California San Francisco by Night is the first crossover city sourcebook for Kindred of the East "TM" and Vampire: The Masquerade "RM." Covered in full detail are San Francisco's history and geography, along with the city's major undead players and their nocturnal agendas. More importantly, the book bridges the two game lines, giving Storytellers and players enough information and story ideas to run any style of chronicle. A female Blood Kindred who hates her fangs...A fierce warrior who loves her... Can Kara and Raak stay together?Or will their love be shattered because he is...Unbondable?Kara is a rare Blood Kindred female...unfortunately for her, she has the fangs to prove it. To Kara's dismay, it's hard to find a warrior who wants to get bitten when things get hot and heavy. She's tried dating humans too, but that doesn't work out either. So when she meets Raakshas, a Kindred warrior with dark, silver-ringed eyes who actually likes her fangs, it seems like her troubles are over. But there's a

problem...Raak is half Y'lyn--a kind of demon without a soul. And without a soul, there's no hope of forming the permanent soul-bond that all Kindred have with their mates. Without the possibility of forming a bond, how can Kara give her heart to the big Warrior? And what will happen when she goes on an adventure to try to shrink her fangs and winds up naked in the Unseen Palace? You'll have to read *Unbondable*, the first book in the new Kindred Birthright series to find out.*

Author's Note: This is book 1 of the new Kindred Birthright series which follows the children of the first generation of Kindred. *Unbondable* is Kara's story--the daughter of Sylvan and Sophia. I know this book has been a long time in coming but I hope you enjoy it now that it's here.*

Sally Rosen Kindred's third book, *Where the Wolf*, is a wood where a girl-turned-woman, a daughter-turned-mother, goes walking, searching for the warm fur, the hackles and hurts—past and future—inside her. These poems explore how stories—fairy tales, family memories, myths, and dreams—tell us, and let us tell each other, who we are, and what's wild and sacred in our connections. From “the beast your mother made/ who scans hood and bed,” to the ghost-guard summoned by a child on the night her family fractures, to the teenage son who transforms into “beauty, his dread-body,” the beings in these poems are themselves stories, spells: alchemized through language, always becoming, bearing hope and loss. They fragment in anxiety, and form into new wilderness. They open themselves to reconstruction, redemption. Through it all, “Wolf is the ghost of a hurt remembering itself. Is She. You can hear Her between trees.” These poems are a calling out—through meadows, emptied houses, dark skies—to wolf and self, parent and child, girl and woman, love and grief. Unseen, the Kindred move among us. Many human fears are realized in the World of Darkness. Among them are the

vampires, who call themselves the Kindred because they are a breed set apart from man. Completely hidden from human eyes by a plan the Kindred call the Masquerade is an entire society of vampires. No place in the world of vampires is quite like San Francisco. But because of its position as neutral territory, countless plots are dreamt in & executed from The City. Herein are the beginnings & players for some of these Masquerade themes. This anthology contains stories of the Kindred in the World of Darkness by S.P. Somtow, Lois Tilton, Matthew J. Costello, Lawrence Watt-Evans & nine other authors. Edited by Leslie Mitchell at G2 Freelance editing and re-released 8/20/13.

But one day, that all changed. Sergio's 'daughters' serve a very important purpose: they are all beautiful young ladies who can easily attract - and lure - men so Sergio can feed on their blood. And now Daddy expects Lorelei to be the obedient daughter he needs and bring him new victims. But when Lorelei meets the shy but handsome Buddy in school, she quickly falls in love with him. He feels the same way, but wonders why she doesn't want to take him home to meet her father. The Gospel of Matthew is the first book of the New Testament. Matthew begins his account of the ministry of Jesus with a

genealogy from Abraham, father of Israel, down to Joseph, the husband of Mary, from whom Jesus was born to show that Jesus was indeed Israel's long-awaited Messiah. Matthew portrays the struggles and conflicts between the evangelist's community and the other Jews and are framed around Jesus' preaching regarding the coming of the kingdom of heaven and repentance. Collects #1 to #6 of the ongoing series. For centuries, the exotic realm of Asia has defied Kindred incursions. Those few children of caine dwelling in Asia whisper of monstrous cathayans -- shadowy vampires native to the East. For too long, the cathayans have lain like sleeping dragons, allowing the Kindred a facade of omnipotence. Now the new Age is at hand. Yin daggers tremble in the talons of Resplendent cranes, and the Devil-Tigers howl for souls in the dark. In the groundbreaking Kindred of the East, the silken veil is pulled aside to reveal the vampires of Asia. Now, the Kuei-jin are presented in greater detail, with new insights into their powers, societies and beliefs. Prepare for the coming storm as Cathayans invade the halls of Kindred power in the West. From the New York Times bestselling author of Parable of the Sower and MacArthur "Genius" Grant, Nebula, and Hugo award winner The visionary time-travel classic whose Black female hero is pulled through time to face the horrors of American slavery and explores the impacts of racism, sexism, and white supremacy then and now. "I lost an arm on my last trip home. My left arm." Dana's torment begins when she suddenly vanishes on her 26th birthday from California, 1976, and is dragged through time to antebellum Maryland to rescue a boy named Rufus, heir to a slaveowner's plantation. She soon realizes the purpose of her summons to the past: protect Rufus to ensure his assault of her Black ancestor so that she may one day be born. As she endures the traumas of slavery and the soul-crushing normalization of savagery, Dana fights to keep her autonomy and return to the present. Blazing the trail for neo-

slavery narratives like Colson Whitehead's *The Underground Railroad* and Ta-Nehisi Coates's *The Water Dancer*, Butler takes one of speculative fiction's oldest tropes and infuses it with lasting depth and power. Dana not only experiences the cruelties of slavery on her skin but also grimly learns to accept it as a condition of her own existence in the present. "Where stories about American slavery are often gratuitous, reducing its horror to explicit violence and brutality, *Kindred* is controlled and precise" (New York Times). "Reading Octavia Butler taught me to dream big, and I think it's absolutely necessary that everybody have that freedom and that willingness to dream."

Professor Brian Cox 'Important reading not just for anyone interested in these ancient cousins of ours, but also for anyone interested in humanity.' Yuval Noah Harari Kindred is the definitive guide to the Neanderthals. Since their discovery more than 160 years ago, Neanderthals have metamorphosed from the losers of the human family tree to A-list hominins. Rebecca Wragg Sykes uses her experience at the cutting-edge of Palaeolithic research to share our new understanding of Neanderthals, shoving aside clichés of rag-clad brutes in an icy wasteland. She reveals them to be curious, clever connoisseurs of their world, technologically inventive and ecologically adaptable. Above all, they were successful survivors for more than 300,000 years, during times of massive climatic upheaval. Much of what defines us was also in Neanderthals, and their DNA is still inside us. Planning, co-operation, altruism, craftsmanship, aesthetic sense, imagination, perhaps even a desire for transcendence beyond mortality. Kindred does for Neanderthals what Sapiens did for us, revealing a deeper, more nuanced story where humanity itself is our ancient, shared inheritance. "The World of Darkness
