Little does he know--it'll be his last. Barely surviving an attack on his life, Smith lays low for six months until he returns to the United States. His flight is strangely diverted to Philadelphia where he meets a mysterious stranger who knows all about his past and recruits him for a job.

Needing a new identity, Smith becomes Michael Recker. He then tries to prevent bad things happening to innocent people while also interacting with the city's different crime factions. All the while, Recker plans his revenge on the mysterious Agent 17, who committed an act so heinous that Recker will never forget it. Fully Loaded: After being ambushed, Recker goes missing for several days and is presumed dead. Once he returns, he seeks retribution on the men responsible and turns to an unlikely source to help him get his revenge. As he embarks on his plot for revenge, he must not only carefully navigate around Mia's growing feelings for him, but also his own feelings for her. While still not forgetting his main goal of helping the innocent, Recker also further cements his relationship with Tyrell by helping him with a family problem. Though he still keeps Mia at a distance, they can't help but become closer as Recker investigates the disappearance of one of her closest friends. As Recker embarks on his deadly rampage, Jones worries about The Silencer's growing reputation amongst the public and government agencies. Hard Target: Recker finally reaches his boiling point and confronts Jones about his lack of progress in finding Agent 17. The professor, feeling guilty about not locating him, admits to a secret he's been hiding. As Recker is trying to find Agent 17, Mia launches her own investigation into her friend's death, frustrated that the

killer still hasn't been brought to justice. Her lack of experience causes a major mistake--one that may cost the life of both her and Jones. Recker must not only find Agent 17, but save the lives of his friends before it's too late. Blowback: After the circumstances of Agent 17's death, the CIA turns to a specialist to help track down the man they think is responsible--John Smith. Though Recker knows Centurion is coming, he doesn't change how he operates and winds up on police surveillance cameras. Feeling the walls closing in, Jones wants to pack up and move to a new city, though Recker has reservations about leaving. It all boils down to a final confrontation between Recker and his former employers--one he may not survive.

COMING CHRISTMAS DAY 2019! ¶The next generation
of the Heart of Stone series continues with Silent As A
Stone, a STANDALONE featuring Diana and Cole's
story! Innocent. Sweet. Diana Stone, the last of Tristan
and Nina's triplets, struggled from the day she was born.
Never as confident as her brother or as strong as her
sister, she was the brainy Stone child with her eye on
one day sitting on the highest court in the land. Until a
horrible accident left her broken and trapped by her
fears. Cole Knight has known Diana for what seems like
forever. Her brother's best friend, he's been told by
Ethan that Diana is off limits since junior high. But he's
been drawn to that forbidden fruit for years. Once, Diana

gave him her heart at a time when he needed it the most. Now, as he looks at her as a man and not a boy anymore, can he give her what she needs most so they can find happiness forever this time? NOTE: While Silent As A Stone is in the Heart of Stone series, this book, Hard As Stone, and Set In Stone are all STANDALONE BOOKS and can be read individually on their own. Artists have long been stimulated and motivated by the work of those who came before them—sometimes, centuries before them. Interviews with 120 international contemporary artists discussing works from The Metropolitan Museum of Art's collection that spark their imagination shed new light on art-making, museums, and the creative process. Images of works from The Met collection appear alongside images of the contemporary artists' work, allowing readers to discover a rich web of visual connections that spans cultures and millennia.
