Long ago Earth, now fixed on her axis, with eternal day on one side, eternal night on the other and a ribbon of twilight in between, was ravaged by galactic raiders. Earthlings recovered, grew stronger. But now, unable to reproduce, the last humans are frenzied with final decadence. And fear. Only Clovis Marca, the last man born on Earth, dares to brave infected space to seek the impossible solution. His dark quest leads him to face Orlando Sharvis, the scientist whose insane experiments on his own mind and body might just save the human race... but would that race then be more, or less, human?

Gloriana Sep 15 2022 "A fable satirizing Spenser's 'The Fairie Queen' and reflecting the real life of Elizabeth I, tells of a woman who ascends the throne upon the death of her debauched and corrupted father, King Hern. Gloriana's reign brings the Empire of Albion into a Golden Age, but her oppressive responsibilities choke her, prohibiting any form of sexual satisfaction, no matter what fetish she tries. Her problem is in symbolic of the hypocrisy of her entire court. While her life is meant to mirror that of her nation - an image of purity, virtue, enlightenment and prosperity - the truth is that her peaceful empire is kept secure by her wicked chancellor Monfallcon and his corrupt network of spies and murderers, the most sinister of whom is Captain Quire, who is

commissioned to seduce Gloriana and thus bring down Albion and the entire empire." -- Goodreads.com.

Elric The Stealer of Souls Nov 17 2022 "The stories here are the raw heart of Michael Moorcock. They are the spells that first drew me and the numerous admirers of his work with whom I am acquainted into Moorcock's luminous and captivating web." -from the Foreword by Alan Moore, creator of V for Vendetta When Michael Moorcock began chronicling the adventures of the albino sorcerer Elric, last king of decadent Melniboné, and his sentient vampiric sword, Stormbringer, he set out to create a new kind of fantasy adventure, one that broke with tradition and reflected a more up-to-date sophistication of theme and style. The result was a bold and unique hero-weak in body, subtle in mind, dependent on drugs for the vitality to sustain himself-with great crimes behind him and a greater destiny ahead: a rock-and-roll antihero who would channel all the violent excesses of the sixties into one enduring archetype. Now, with a major film in development, here is the first volume of a dazzling collection of stories containing the seminal appearances of Elric and lavishly illustrated by award-winning artist John Picacio-plus essays, letters, maps, and other material. Adventures include "The Dreaming City," "While the Gods Laugh," "Kings in Darkness," "Dead God's Homecoming," "Black Sword's Brothers," and "Sad Giant's Shield." An indispensable addition to any fantasy collection, Elric: The Stealer of Souls is an unmatched introduction to a brilliant writer and his most famous-or infamous-creation. "The most significant UK author of sword and sorcery, a form he has both borrowed from and transformed." -The Encyclopedia of Fantasy From the Trade Paperback edition.

King of the City Sep 03 2021 More than a decade ago, Michael Moorcock's extraordinary Mother London gave stunning new breath and style to contemporary literature. With Bruce Chatwin's *Utz* and Salman Rushdie's *The Satanic Verses*, the novel was short-listed for Britain's prestigious Whitbread Prize. Now, with scathing wit and enthralling vision, the author whom the *Washington Post* has praised as "one of the most exciting discoveries in the contemporary English novel [in] 40 or more years" returns to a city transformed and transforming, and in peril of life. These are the times and trials of Dennis Dover, former rock guitarist, photojournalist, and paparazzo. Denny inhabits a world of vibrant color, smell, and sound, where novel experience and unpredictability are anchored by steadfast tradition and history. Mother London's many vagaries give Denny Dover joy and succor, always seducing him home from the Earth's terrible places, where the face of death is as common as the blood that stains the local dirt. And London is where Rosie Beck is when she isn't off elsewhere combating the planet's great ills. Denny's brilliant, beautiful, socially conscious cousin has always been an indispensable part of his being -- his soul mate and his soul. Since childhood they have been inseparable, delighting in the daily discoveries of a life with no limits. But now the metropolis that nurtured them is threatened by a powerful, unstoppable force that consumes the past indiscriminately and leaves nothing of substance in its wake. The terminator is named John Barbican Begg. A hanger-on from Denny and Rosie's youth, he has become the morally corrupt center of their London and the richest, most rapacious creature in the Western Hemisphere. Now, as their cherished landmarks tumble, conspiracy, secrets, lies, and betrayal become the centerpieces of Rosie and Dennis's days. For Barbican has but one goal: to devour the entire world. And the only choice left is to join in, drop out ... or plot to destroy. A sprawling work

incomparable invention, King of the City is eccentric and remarkable, a unique urban love story with a pit-bull bite that confirms the unparalleled literary genius of the amazing Michael Moorcock.

Mother London Oct 16 2022 Shortlisted for the Whitbread prize, MOTHER LONDON is a dazzling journey through the heart of a city that the author loved. Spanning generations of characters across a variety of boroughs from the Blitz to the mid-eighties, this is a book about the real London that tourists will never find, a London which is being erased by the spread of high-rise flats and shining skyscrapers. Following a group of released mental patients across the years and streets of London Moorcock creates a vivid impressionistic portrait of the city, from its downtrodden pubs to its green parks. All of the lead characters hear voices - but are they the murmurings of their damaged minds, or the voice of the city?
