Pastoral Quechua Jan 08 2022 Pastoral Quechua explores the story of how the Spanish priests and missionaries of the Catholic church in post-conquest Peru systematically attempted to "incarnate" Christianity in Quechua, a large family of languages and dialects spoken by the dense Andes populations once united under the Inca empire. By codifying (and imposing) a single written standard, based on a variety of Quechua spoken in the former Inca capital of Cuzco, and through their translations of devotional, catechetical, and liturgical texts for everyday use in parishes, the missionary translators were on the front lines of Spanish colonialism in the Andes. The Christian pastoral texts in Quechua are important witnesses to colonial interactions and power relations. Durston examines the broad historical contexts of Christian writing in Quechua; the role that Andean religious images and motifs were given by the Spanish translators in creating a syncretic Christian-Andean iconography of God, Christ, and Mary; the colonial linguistic ideologies and policies in play; and the mechanisms of control of the subjugated population that can be found in the performance practices of Christian liturgy, the organization of the texts, and even in certain aspects of grammar. "Pastoral Quechua is an entryway into the world of colonial Quechua culture through language, showing how Spanish missionaries did not merely translate Christianity into the Inka language, but built up new and complex syntheses of Inka and Spanish worlds. A foundational work, it opens up new and untouched ways of understanding the impact of European colonialism in the Americas, making a singular contribution to colonial history, to historical linguistics, and to the anthropology of colonialism." --Bruce Mannheim, University of Michigan, author of *The Language of the Inka since the European Invasion* "Pastoral Quechua is a wonderful volume that will be of interest to a broad range of scholars including historians, linguists, anthropologists, as well as scholars in all fields interested in Peru. The study focuses on the practice of translation, as the author states, but it is much more than that. It is a meticulously researched work that provides careful linguistic analysis conceptualized within an historical study of Catholic evangelization in colonial Peru." --Thomas B. F. Cummins, Dumbarton Oaks Professor of Pre-Columbian and Colonial Art, Harvard University

Pastoral Care Feb 21 2023 Pastoral Care, or The Book of the Pastoral Rule, is a treatise on the responsibilities of the clergy written by Pope Gregory I in which he contrasted the role of bishops as pastors of their flock with their position as nobles of the church: the definitive statement of the nature of the episcopal office. Gregory enjoined parish priests to possess strict personal, intellectual and moral standards which were considered, in certain quarters, to be unrealistic and beyond ordinary capacities. The influence of the book, however, was vast and became one of the most influential works on the topic ever written. It was translated and distributed to every bishop within the Byzantine Empire.

Pastoral Care in Medieval England Jan 16 2020 Pastoral Care, the religious mission of the Church to minister to the laity and care for their spiritual welfare, has been a subject of growing interest in medieval studies. This volume breaks new ground with its broad chronological scope (from the early eleventh to the late fifteenth centuries), and its interdisciplinary breadth. New and established scholars from a range of disciplines, including history, literary studies, art history and musicology, bring their specialist perspectives to bear on textual and visual source materials. The varied contributions include discussions of politics, ecclesiology, book history, theology and patronage, forming a series of conversations that reveal both continuities and divergences across time and media, and exemplify the enriching effects of interdisciplinary work upon our understanding of this important topic.

Pastoral Letter to Theo Nov 13 2019 A Pastoral Letter to Theo addresses some of the fundamental concerns of recent research into biblical interpretation by Adele Berlin and Kenneth Archer. It also takes into account the communicative literary and rhetorical techniques that were prominent in the Greco-Roman world when the New Testament documents were composed. Elbert suggests that attention to levels of context, plot, repetition, and characterization or personification comprise a proper method for understanding a New Testament writer's original meaning and intent. Generally, the potentially groundbreaking thesis in much of Elbert's work is for a literary link between the Spirit language in Paul's letters and the later narrative of Luke-Acts. Specifically, A Pastoral Letter to Theo reflects heartfelt, pastoral concerns based on detailed contextual study of early Christianity and Christian experience. The book contextually examines in detail several passages pertaining to the ministry of women in missionary-minded early Christianity and concludes that this ministry was thought to be vital for the evangelistic enterprise.

Pastoral Drama in Early Modern Italy Jul 22 2020 "Emerging in Italy in the mid-sixteenth century, pastoral drama is one of the most characteristic genres of its time. Sampson traces its uneven development into the following century by exploring masterpieces by Tasso and Guarini, and many lesser known works, some by women writers. She examines the treatment of key themes of love, the Golden Age, and Nature and Art against the background of the textual and stage production of the plays. An investigation of critical writings associated with the genre further reveals its significance to the contemporary literary scene, by stimulating 'modernizing' attitudes towards the canon, as well as new enquiries into the function and possibilities of art."

A Primer of Pastoral Spanish Oct 13 2019 A Primer of Pastoral Spanish is designed to provide religious and non-religious alike with the linguistic and cultural tools to minister in Spanish. This primer is modeled after Madrigal's Magic Key to Spanish (1953), whose author, Margarita Madrigal, bases her methodology on creating with the language instead of memorizing it. Previous knowledge of Spanish is not necessary, although, as you will discover, you already know thousands of words in Spanish. The vocabulary you know in English is the foundation on which you can build your knowledge of Spanish vocabulary. There are thousands of English words that become Spanish words if you can recognize the slight change that takes place from one language to the other. For example, you will learn how to conjugate a verb in Spanish to the first-person singular of the past tense by dropping a letter from its translation in English and adding an accent. There are 40 units in this primer. If you were to study each unit 20-30 minutes a day throughout Lent, for example, think about how far you could progress. Each unit consists of four sections: Vocabulary, Prayer or Culture, Cornerstones, and Vocabulary Review. There are four units called Check Your Progress. These units consist of Challenges based on the grammar, vocabulary, and culture you learned in the previous units. The answers to the Challenges are at the end of the units.

King Alfred's West-Saxon Version of Gregory's Pastoral Care Jun 13 2022 Excerpt from King Alfred's West-Saxon Version of Gregory's Pastoral Care: With an English Translation, the Latin Text, Notes, and an Introduction The variety of the handwritings of H. Is remarkable: Alfred's preface is written in one hand, the piece of verse in another, and the handwriting changes again with the table of contents, and so on through the whole ms. Many Latin glosses are inserted between the lines in the earlier part of the ms. The work seems to have been used as a text-book for the study of Old English in the thirteenth and following centuries. Pastoral Theology in the Classical Tradition Mar 18 2020 Too often pastoral care is uninformed by historical practice and is overly influenced by psychological theory and practice, according to Andrew Purves. At least one consequence of this is that it is often disaffiliated from the church's theological heritage. Purves examines Christian writers from the past who represent the classical tradition in pastoral theology--classical in the sense that they and their texts have shaped the minds and practices of pastors in enduring ways. He reflects on texts from Gregory Nazianzus, John Chrysostom, Gregory the Great, Martin Bucer, and Richard Baxter. He includes a brief biography of each author, introduces the major themes in the writer's theology, and discusses the issues arising for pastoral work.
