This comprehensive, authoritative book covers: The lowdown on leasing -- when is it the right choice? The bottom line on achieving the best price and avoiding rip-offs The inside scoop on how to evaluate options to make an informed decision We Are Allowed to Know Only in Time shows faith and determination. Sometimes people show up in our lives for only a moment. Though it may look like a coincidence, it is not. What is written by God cannot be changed; what He has for you is yours. He does not give it to somebody else; it depends only on you to get what you want. Often, we say, "Why didn't I see that? It was so clear!" Yes, it was, indeed, but it was not time for you to know what you should do. Your path

and your journey are written; the results depend a lot on you—though, believe me, most people don't see it that way, preferring not to fight for whatever is theirs, and then complaining when it is not given to them. The fascinating story of Volkswagen's raging success and near collapse in America After a wild ride of ups and downs for almost three decades, Volkswagen has regained its stature as one of America's most beloved auto makers. In Getting the Bugs Out, journalist and auto industry expert David Kiley tells the complete

story of the rise, fall, and comeback of Volkswagen. Kiley traces the company's rise from Ferdinand Porsche's original design for the Beetle, through the Nazi era, and up to the Beetle's ascendancy during the flower-power 1960s. He explores the reasons for VW's downward spiral through the 1970s and 1980s, including the devastating management blunders that led to such failed efforts as the Rabbit, Dasher, Thing, and Scirocco, and equally catastrophic marketing initiatives, culminating in the notorious "Fahrfeignugen" series of ads. Finally, drawing upon his unique access to company insiders, Kiley tells the story of how Volkswagen achieved its phenomenal comeback beginning in the late 1990s through a combination of visionary management, cutting-edge product development, and brilliant marketing and advertising strategies. David Kiley (Anne Arbor, MI), the Detroit Bureau Chief at USA Today, is a journalist with fifteen years of experience, ten of which have been devoted to covering the auto industry. He has written extensively for Adweek and Brandweek magazines. Get hundreds, even thousands of dollars off the sticker price of a new car with this handy guide--now in an expanded edition!
