Survivors Club Jan 07 2022 A New York Times bestseller “Both moving and memorable, combining the emotional resolve of a memoir with the rhythm of a novel.” —New York Times Book Review In 1945, in a now-famous piece of World War II archival footage, four-year-old Michael Bornstein was filmed by Soviet soldiers as he was carried out of Auschwitz in his grandmother’s arms. *Survivors Club* tells the unforgettable story of how a father’s courageous wit, a mother’s fierce love, and one perfectly timed illness saved his life, and how others in his family from Zarki, Poland, dodged death at the hands of the Nazis time and again with incredible deftness. Working from his own recollections as well as extensive interviews with relatives and survivors who knew the family, Michael relates his inspirational Holocaust survival story with the help of his daughter, Debbie Bornstein Holinstat. A Survivor's Story Jan 19 2023 When Germany invades Poland in 1939, seventeen year old Severin Fayerman sees his world change forever. His family's factory is seized by the Germans. Inevitably, the Fayermans are arrested and sent to a forced labor camp. Severin, separated from his family, is left alone in captivity. For more than a year, he endures the horrors of Auschwitz, Buchenwald, and other concentration camps, relying on hard work and ingenuity to survive. When the war ends so does his nightmare, but his journey has only just begun. *A Survivor's Story* is the inspirational memoir of Severin Fayerman, Holocaust survivor and the founder of Baldwin Hardware. His journey from Poland to the United States, from young boy to successful businessman, proves that determination trumps adversity, and that goodness can shine in the darkest of places. His story is the American dream. Severin Fayerman was born in Bendzin, Poland in 1922. During World War II, he survived imprisonment and forced labor at Auschwitz and Buchenwald concentration camps. Reunited with his family after the war, he emigrated to the United States in search of a new life. In 1946 the Fayermans purchased the Baldwin Tool and Die Company in Newark, New Jersey. Together they transformed the small metal forming business into a world-class operation. Today, Baldwin Hardware is a premier manufacturer of locks and hardware, and a testament to Severin's hard work and entrepreneurial spirit.

Our Crime Was Being Jewish Oct 12 2019 In the shouted words of

a woman bound for Auschwitz to a man about to escape from a cattle car, "If you get out, maybe you can tell the story! Who else will tell it?" Our *Crime Was Being Jewish* contains 576 vivid memories of 358 Holocaust survivors. These are the true, insider stories of victims, told in their own words. They include the experiences of teenagers who saw their parents and siblings sent to the gas chambers; of starving children beaten for trying to steal a morsel of food; of people who saw their friends commit suicide to save themselves from the daily agony they endured. The recollections are from the start of the war—the home invasions, the Gestapo busts, and the ghettos—as well as the daily hell of the concentration camps and what actually happened inside. Six million Jews were killed in the Holocaust, and this hefty collection of stories told by its survivors is one of the most important books of our time. It was compiled by award-winning author Anthony S. Pitch, who worked with sources such as the United States Holocaust Memorial Museum to get survivors' stories compiled together and to supplement them with images from the war. These memories must be told and held onto so what happened is documented; so the lives of those who perished are not forgotten—so history does not repeat itself. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

5/22 Dec 14 2019 At 5:41 P.M. on May 22, 2011, an EF5 tornado hit Joplin, Missouri. It was a huge twister that destroyed miles of properties down its path, leaving houses, businesses, crops, and everything it hit devastated, in rubble. Then as if it had been forever, the forty-five-second catastrophe left 161 deaths, injuries and disbelief, and stories of survival . . . stories of faith. Scott Hettinger's interviews with many survivors provides a real picture of what that afternoon was like, in multiple points of view. Some were in their homes doing chores, some attending graduation, some shopping, while others stayed with their families for barbecue and such. But there were dark clouds over Joplin, strong winds, purple lightning . . . and everything was okay. Then

the tornado sirens went off. 5/22: Stories of Survival, Stories of Faith provides powerful examples of how powerful God's hands are in times of need.

From Darkness to Light Nov 17 2022 *From Darkness to Light* is a compilation of personal testimonies of six Holocaust survivors, written in a short story format. The book walks readers through their life experiences before and during the Holocaust, their liberation, and their new life in Israel. Each story is told in their own words, culled from hours of personal interviews with them and their children, so the world can have first-hand knowledge of what happened during that darkest time of our history. These survivors came from different parts of Europe, and not one story is like the other. Now in their eighties and nineties, they still recall in detail their darkest memories. Amid immense pain and suffering, they managed to overcome every hurdle they encountered under the Nazi regime. When these stalwart individuals were liberated, no matter what further anguish and obstacles they faced, they realized their dream to make aliya to Israel. They settled in the Holy Land as visionaries and pioneers to build the Jewish state, which itself was undergoing conflict and difficult economic times. Their love for the Jewish homeland and their creation of families with children, grandchildren, and great-grandchildren exemplify how Hitler's aim to annihilate the Jews was nullified.

Survivors of the Holocaust Oct 16 2022 "Perhaps there is no simple, easy way to educate children about the Holocaust. Yet [this] new extraordinary work in the form of a nonfiction graphic novel for children is a valiant attempt to do just that. These testimonials... serve as a reminder never to allow such a tragedy to happen again."—BookTrib Between 1933 and 1945, Adolf Hitler and the Nazi party were responsible for the persecution of millions of Jews across Europe. This extraordinary graphic novel tells the true stories of six Jewish children who survived the Holocaust. From suffering the horrors of Auschwitz, to hiding

from Nazi soldiers in war-torn Paris, to sheltering from the Blitz in England, each true story is a powerful testament to the survivors' courage. These remarkable testimonials serve as a reminder never to allow such a tragedy to happen again. Features a current photograph of each contributor and an update about their lives, along with a glossary and timeline to support reader understanding of this period in world history.

Holocaust Survivor Accounts Oct 24 2020 True Stories Of Prisoners Surviving The Holocaust: Holocaust Survivor Stories And Heroes Of Auschwitz The Holocaust, (called Ha-Shoah in Hebrew) refers to the state sponsored murder and persecution of about six million Jews by the German Nazi regime and its collaborators, leading into and during the Second World War. The word itself means, "Sacrifice by fire." In 1933 the population of Jews in Europe was about nine million. After Adolf Hitler came to power on a campaign of aggressive foreign policy, focus on domestic unification and the idea of racial superiority - nearly two thirds of the Jewish people in the continent had perished. The 'Final Solution' to the 'Jewish Problem' was, of course, murder. Although Jews, who were seen by Hitler and the Nazi regime as primarily responsible for Germany's capitulation in the First World War, in addition to being inferior as a race, were the primary targets, several other demographics also received attention during the holocaust. The knowledge that even though the contents shall be often-times shocking and heart-wrenching, this chapter in human history needs to be read and processed by us to prevent such a heinous crime from ever happening again.

When Bad Things Happen Good Things Can Grow Jul 21 2020 Survivors' stories of hope from the aftermath of unimaginable trauma, abuse and burns.

Stories Are What Save Us Nov 12 2019 A seasoned writer and teacher of memoir explores both the difficulties inherent in writing about personal trauma and the techniques for doing so in a compelling way. Since 2013, David Chrisinger has taught

military veterans, their families, and other trauma survivors how to make sense of and recount their stories of loss and transformation. The lessons he imparts can be used by anyone who has ever experienced trauma, particularly people with a deep need to share that experience in a way that leads to connection and understanding. In *Stories Are What Save Us*, Chrisinger shows—through writing exercises, memoir excerpts, and lessons he's learned from his students—the most efficient ways to uncover and effectively communicate what you've learned while fighting your life's battles, whatever they may be. Chrisinger explores both the difficulties inherent in writing about personal trauma and the techniques for doing so in a compelling way. Weaving together his journey as a writer, editor, and teacher, he reveals his own deeply personal story of family trauma and abuse and explains how his life has informed his writing. Part craft guide, part memoir, and part teacher's handbook, *Stories Are What Save Us* presents readers with a wide range of craft tools and storytelling structures that Chrisinger and his students have used to process conflict in their own lives, creating beautiful stories of growth and transformation. Throughout, this profoundly moving, laser-focused book exemplifies the very lessons it strives to teach. A foreword by former soldier and memoirist Brian Turner, author of *My Life as a Foreign Country*, and an afterword by military wife and memoirist Angela Ricketts, author of *No Man's War: Irreverent Confessions of an Infantry Wife*, bookend the volume.

Into Thin Air May 11 2022 #1 NATIONAL BESTSELLER • "A harrowing tale of the perils of high-altitude climbing, a story of bad luck and worse judgment and of heartbreaking heroism."
—PEOPLE A bank of clouds was assembling on the not-so-distant horizon, but journalist-mountaineer Jon Krakauer, standing on the summit of Mt. Everest, saw nothing that "suggested that a murderous storm was bearing down." He was wrong. The storm, which claimed five lives and left countless more—including

Krakauer's--in guilt-ridden disarray, would also provide the impetus for *Into Thin Air*, Krakauer's epic account of the May 1996 disaster. By writing *Into Thin Air*, Krakauer may have hoped to exorcise some of his own demons and lay to rest some of the painful questions that still surround the event. He takes great pains to provide a balanced picture of the people and events he witnessed and gives due credit to the tireless and dedicated Sherpas. He also avoids blasting easy targets such as Sandy Pittman, the wealthy socialite who brought an espresso maker along on the expedition. Krakauer's highly personal inquiry into the catastrophe provides a great deal of insight into what went wrong. But for Krakauer himself, further interviews and investigations only lead him to the conclusion that his perceived failures were directly responsible for a fellow climber's death. Clearly, Krakauer remains haunted by the disaster, and although he relates a number of incidents in which he acted selflessly and even heroically, he seems unable to view those instances objectively. In the end, despite his evenhanded and even generous assessment of others' actions, he reserves a full measure of vitriol for himself. This updated trade paperback edition of *Into Thin Air* includes an extensive new postscript that sheds fascinating light on the acrimonious debate that flared between Krakauer and Everest guide Anatoli Boukreev in the wake of the tragedy. "I have no doubt that Boukreev's intentions were good on summit day," writes Krakauer in the postscript, dated August 1999. "What disturbs me, though, was Boukreev's refusal to acknowledge the possibility that he made even a single poor decision. Never did he indicate that perhaps it wasn't the best choice to climb without gas or go down ahead of his clients." As usual, Krakauer supports his points with dogged research and a good dose of humility. But rather than continue the heated discourse that has raged since *Into Thin Air*'s denouncement of guide Boukreev, Krakauer's tone is conciliatory; he points most of his criticism at G. Weston De Walt, who coauthored *The Climb*,

Boukreev's version of events. And in a touching conclusion, Krakauer recounts his last conversation with the late Boukreev, in which the two weathered climbers agreed to disagree about certain points. Krakauer had great hopes to patch things up with Boukreev, but the Russian later died in an avalanche on another Himalayan peak, Annapurna I. In 1999, Krakauer received an Academy Award in Literature from the American Academy of Arts and Letters--a prestigious prize intended "to honor writers of exceptional accomplishment." According to the Academy's citation, "Krakauer combines the tenacity and courage of the finest tradition of investigative journalism with the stylish subtlety and profound insight of the born writer. His account of an ascent of Mount Everest has led to a general reevaluation of climbing and of the commercialization of what was once a romantic, solitary sport; while his account of the life and death of Christopher McCandless, who died of starvation after challenging the Alaskan wilderness, delves even more deeply and disturbingly into the fascination of nature and the devastating effects of its lure on a young and curious mind."

We're in America Now Sep 03 2021 "Epic in scope, but gentle and charming in delivery, Fred Amram's *We're in America Now* is a quiet chronicle of a clamorous era. Politics and war compel Amram's family to leave the only home they ever knew and embark on a personal exodus, fleeing a new pharaoh, pursuing a new promised land. They arrive in America to discover that paradise is not all milk and honey, but love, loyalty, and faith conspire to hold the family together, and the story of how they rebuild the life that was robbed them is moving, probing, and insightful." —J.C. Hallman, author of *B & Me: A True Story of Literary Arousal* These compelling stories form a riveting memoir that begins with the author's birth during the rise of Hitler in 1930s Germany. He and his surviving family soon escape to Holland and sail to America where they encounter many challenges as immigrants in a new world. This country truly becomes a land of opportunity where one can build a new life and become more than a "Holocaust survivor." Fred Amram is a retired University of Minnesota professor of communication and creativity. He spent his early years in Hanover, Germany, where he experienced the Holocaust from its inception in 1933. He

witnessed Kristallnacht and the Gestapo invading his home. He watched the British bombers from his balcony when Jews were banned from air raid shelters. The loss of uncles, aunts, a grandmother, and many more relatives has motivated him to share his experiences in hopes of ending genocide everywhere.

First-person accounts by five PTSD survivors bring hope to the millions suffering from but not yet diagnosed with this affliction--and their loved ones. Each year millions of people are afflicted by Post-Traumatic Stress Disorder (PTSD). Most struggle to simply make

it through the day as sights, sounds, and smells bring their life's most harrowing experience front and center, to be relived again and again. And many are unaware of the root problem of these symptoms or are unwilling to admit one exists. Through moving firsthand accounts 5 Survivors sheds an intimate light on the impact of PTSD on three veterans of war, a survivor of Hurricane Katrina, and a victim of childhood sexual abuse. With courage and honesty, they tell their stories of trauma, revealing the struggles they faced later in life, and how they eventually worked toward positive change and healing. With the guidance of PTSD expert and researcher Tracy Stecker, Ph.D. who outlines the symptoms and progress of each survivor, those living untreated with PTSD may see themselves in these stories, realize they are not alone, and take action to get help. Friends and family of those who have been greatly impacted by trauma will gain a more intimate understanding of a loved one's struggle and pain. About the author Tracy Stecker, Ph.D., is a psychologist at the Dartmouth Psychiatric Research Center. She developed a curriculum titled Using a Brief Intervention to Motivate Clients to Get Help in collaboration with Hazelden. Her focus is on treating veterans of Iraq and Afghanistan returning with PTSD and/or substance abuse issues. Several of these projects have been funded by the National Institute of Mental Health and the National Institute for Alcoholism and Alcohol Abuse.

I Choose Life Apr 17 2020 *I Choose Life* is the true, first person account of two Jewish youths, Sol and Goldie, who survived Nazi concentration camps and transcended despair by choosing life. The book title derives from a harrowing encounter between Sol and the Commandant in Auschwitz. The Nazi cruelly forced Sol to choose between execution by hanging or firing squad. Sol, then 19-years-old, defied him, declaring, If I have a choice, I choose

life! Goldie Cukier, a 13-year-old girl, and her older sister were rounded up in a random raid in their neighborhood. An SS guard gave Goldie's father the choice of freeing only one of his two daughters. Goldie volunteered to be taken so that her sister would be spared. It was the last she would ever see her family alive. *I Choose Life* describes idyllic childhoods in Radom and Sosnowiec, Poland, in warm and loving families imbued with Jewish pride and values; years of darkness, suffering, separation, loss and death; raids, selections, forced labor camps, cattle cars, and death marches; and survival in Auschwitz, Mauthausen and Bergen-Belsen. Sol says, A sane person cannot imagine what it was like. For years, Sol and Goldie never shared their stories, not even with each other. Now, they have decided to tell their stories, to leave a legacy to their grandchildren, and to help ensure the Holocaust is never repeated. Sol's story is full of adventure and suspense, while Goldie's narrative draws the reader into the poignancy of a young girl's inner world as she is torn from her family by the Nazis. *I Choose Life* is two complete and parallel memoirs of survival and rebirth. Together, the two memoirs of *I Choose Life* illuminate the Holocaust experience in a unique way, offering both male and female perspectives, one told by a person of action and one by a person of feeling, to yield insights into the most monumental tragedy in human history. *I Choose Life* is distinguished as a Holocaust testament, not only because it is two complete memoirs of a boy and a girl, but ultimately, because the two stories entwine as Sol and Goldie meet in a Displaced Persons camp in post-war Germany. The book explores the challenges of restoration and rebirth, how two youths regained the ability to trust and love, to rebuild new lives after unimaginable losses, and to move to another continent to start a new family and live the American dream. In one of the most peculiar and fascinating chapters of modern Jewish history, Sol and Goldie tell the story of how hundreds of Jewish concentration camp survivors from Europe found an unexpected new Zion in rural Vineland, Jersey,

as a community of chicken farmers. *I Choose Life* is also distinguished by its reliance on historical documents.
